Beefmaster Breeders United

Voluntary Classification Guidelines:

Cattle are visually inspected by a BBU field representative for desirable traits. Each animal is classified according to BBU's Standards of Excellence.

Any bull or female in the "U" category will be so designated on the BBU Certificate of Breeding along with the date and initials of the BBU field representative. To be presented for a "U" classification, a female must be a minimum of 8 months with no upper age limit and a male up to 24 months with a scrotal measurement of at least 30 cm taken between 320-410 days. Classification of Certified Beefmaster cattle is \$5.00 per head or \$350.00 per stop, whichever is greater.

Any bull or female in the "X" category will be removed from the registry by BBU's office and so noted by correspondence to the member. BBU will not charge the member a classification fee for an "X" animal.

Bulls must have a yearling scrotal measurement (taken between 320-410 days of age) of at least 30 cm to meet the "U" qualification. A measurement of 34 cm is the objective.

All cattle presented for classification must have permanent identification and must be certified or an application for certification must be presented to the field representative.

To receive a number score on a female, she must have already received a "U" classification and have had her first calf so the BBU field representative can evaluate udder and mothering ability as consideration of her numerical score. Two numbers will be given; one for conformation and one for underline.

To receive a number score bulls must have already received a "U" classification, be a minimum of twenty-four months of age with a current scrotal measurement of at least 34 cm. Two numbers will be given; one for conformation and one for underline.

Scrotal Circumference Scores:

SCORE	AGE		
	15-20 Mo. Old	21-30 Mo. Old	Over 30 Mo. Old
Very Good	More than 37 cm.	More than 39 cm.	More than 40 cm.
Good	31-37 cm.	32-39 cm.	33-40 cm.

I bought this cow when she was a young heifer at the 2007 San Antonio Rose Classic Sale where she was judged the Grand Champion Female for the sale. She has developed into a moderate framed cow, has her nearly year old bull calf at her side and is bred to our herd sire, TFS 6/908, C 938577, the Grand champion Bull at the Southern Alliance Sale in December of 2007. Her bull calf is on his way to being a good quality bull; with Cherokee Phantom, Sugar Ann, Phantom Warrior and Conan, Black Jack 21/Miss Bama cow in his pedigree. Her next calf should even be better. Don't miss this three-in-one.
